2. Application and admittance

Participation, acceptance of the general exhibiting guidelines as well as special terms of participation are confirmed with the return of the completed application forms. However, the application for participation for the TUNING WORLD BODENSEE, PRIVATE CAR AREA is not a confirmation of participation by the fair; this is only approved by written permission.

3. Cancellation

Cancellation after confirmation of participation by the MESSE FRIEDRICHSHAFEN GmbH is generally not possible for logistical and organizational reasons.

4. Set-up and dismantling of presentation areas

As a rule, set-up of individual presentation areas must be completed by Thursday, May 13, 2021 at 9 a.m. All surfaces must be cleaned; rubbish or dirt must be removed. The set-up of presentation surfaces can begin on Wednesday, May 12, 2021 at 8 a.m. The dismantling will take place on Sunday, May 16, 2021, after close of the fair. Deadline is Monday, May 17, 2021, at 6 p.m.

IMPORTANT: If vehicles are not at the stand area/assembled in good time (by Thursday, May 13, 2021) or leave the area before the close of the fair on Sunday, May 16, 2021 at 6 p.m., the Messe Friedrichshafen is authorized to decorate the stand area suitably and charge the registered vehicle driver/owner or the applicant.

5. Awards

All Vehicles in the PRIVATE CAR AREA participate on the Award from the MAV publishing house. You receive details with the confirmation of participation. The participation on TUNING WORLD AWARD is also free.

6. Stand costs

40,- € for the floor permit and the PRIVATE-Package.

7. Presentation areas

The stand area is basically a presentation area; this means it is generally allowed to present the vehicle in a correspondingly creative way. You may use your own decorative material and techniques of representation. Stand constructions and wall systems are not allowed in the PRIVATE CAR AREA. There are no restrictions on creativity; however, the fair has the final decision in case of questionable themes (violence, pornography, divisive topics) to withdraw approval if such themes are not removed. This area is only for private individuals. It is prohibited to sell, advertise or offer products on the vehicle. The MESSE FRIEDRICHSHAFEN GmbH reserves the right to demand the dismantle or closure of the stand areas in case of non-compliance with the rules.

IMPORTANT: The use of inflammable decorative material is only permitted if

- a certification of inspection for the B1 approval is present
- or the material has been impregnated with an approved flame retardant
- or it can be determined that no harm will be caused by a firing experiment.

Failure to comply with these rules will result in the removal or exchange of the decorative material.

8. Stand activities and noise control

Any acoustic irradiations, background music, stand parties or show and action fillers are subject to approval by the fair management. The management reserves the right of revocation even in the case of an approval, especially if fellow exhibitors feel disturbed by the noise. Speech amplifiers are only to be used in consultation with the MESSE FRIEDRICHSHAFEN GmbH; the management reserves the right of revocation. Presentation must not exceed the maximum volume of 70 dBs. After a single warning the organisers reserve the right to prohibit the presentation and cut off the electricity supply or close the stand area if necessary. The corresponding legal requirements must be complied with.

9. Advertisements

Flyers, posters and other advertising material (only private advertising/no commercial advertisements) may only be offered/presented on/within the respective stand area. It is strictly forbidden to distribute flyers, place posters or use other advertising material on the exhibition grounds. Offending persons must pay a fine of € 150 as well as possible additional costs (cleaning fees).

10. Data protection and copyright

All registered drivers permit to having pictures of the vehicles and people involved published. Also, address listings on the exhibition homepage and in other media forms are approved in principle. All data will only be used by the fair, their partners or by/for their customers.

11. Violations of the exhibition terms

In case of violations against the exhibition terms, the MESSE FRIEDRICHSHAFEN GmbH is permitted to close the presentation areas immediately and conduct the cleaning operations itself.
